

# Installation

After you complete the Sales process, you will receive an email to access the Armor Management Portal (AMP) for the first time.

After you complete the Sales process, you will receive an email to access the Armor Management Portal (AMP) for the first time.

## Armor Complete

---

As a first-time user in AMP, you must:

- Complete the onboarding / invitation process
- Access AMP
- Invite users
- Set up your infrastructure

To complete the onboarding process in AMP, review the appropriate guides:

- [Account Administrators](#)
- [Invited Users](#)

For users who are upgrading from Generation 3 to Generation 4, review the following topics to better understand the upgrade process, as well complete the invitation process and access AMP.

- [Complete the pre-upgrade process](#)
- [Complete the post-upgrade process](#)
  - [Frequently Asked Questions for Generation 4](#)

## Armor Anywhere

---

As a first-time user in AMP, you must:

- Complete the onboarding / invitation process
- Access AMP
- Install the Anywhere agent
- Configure your notification preferences

To complete and onboarding process in AMP, see:

- [Windows 2008](#)
- [Windows 2012 and 2016](#)
- [Linux](#)
