

Get Security Incidents

This API call applies to both **Armor Complete** and **Armor Anywhere** users.

The **Get Security Incidents** API displays a list of security incidents, including open and closed incidents.

You can use this API to find the ticket number for a specific incident.

Sample Request

```
GET https://api.armor.com/security-incidents
```

Input

The following table describes the different parts of this API call:

API Call / URL	Method / Type
/security-incidents	GET

There are no parameters for this API call.

Sample Return

Status	Response
200	<pre>{ "total": 3, "page": 1, "items": [{ "ticketNumber": 13334, "ticketSummary": "Test Ticket 1", "ticketPriority": 1, "ticketStatus": "Open", "createdDate": "2018-05-14T17:43:05.7118838+00:00", "enabled": true }, { "ticketNumber": 13344, "ticketSummary": "Test Ticket 2", "ticketPriority": 0, "ticketStatus": "Requires Attention", "createdDate": "2018-05-14T17:43:05.7118838+00:00", "enabled": true }, { "ticketNumber": 13234, "ticketSummary": "Test Ticket 3", "ticketPriority": 2, "ticketStatus": "Closed", "createdDate": "2018-05-14T17:43:05.7118838+00:00", "enabled": false }] }</pre>
400	Bad Request
