

Delete a virtual machine (snippet)

If you delete a virtual machine before the end of the billing cycle, you will still be charged for the full amount; however, in the next invoice, you will receive a credit to offset the cost.

Additionally, any add-on products or add-on subscriptions associated with the deleted virtual machine must be canceled separately.

1. In the Armor Management Portal (AMP), in the left-side navigation, click **Infrastructure**.
2. Click **Virtual Machines**.
3. Locate and hover over the desired virtual machine.
4. Click the vertical ellipses.
5. Click **Power Off**.
6. Click **Power Off** again.
7. Hover over the virtual machine, and then click the vertical ellipses.
8. Click **Delete**.
9. Click **Delete VM**.

To learn how to cancel an add-on products or add-on subscriptions, see .
