Topics Discussed

Vulnerability

Vulnerability Scanning NEW

This topic only applies to **Armor Anywhere** users.

In the Armor Management Portal (AMP), Armor Anywhere users can now view internal vulnerability scan reports. This update is part of the Armor Anywhere CORE Services; Armor, along with Tenable, offers compliant, internal vulnerability scanning for your virtual machine or server.

For basic service information, see [Service Description: Internal Vulnerability Scanning](#).

For information on how to access and view Vulnerability Scan Reports in the Armor Management Portal (AMP), see [ANYWHERE Vulnerability Scanning](#).

SCAN START TIME	SCAN END TIME	STATUS
