

Installation

Armor Knowledge Base

After you complete the Sales process, you will receive an email to access the Armor Management Portal (AMP) for the first time.

To complete the onboarding process in AMP, please review the appropriate guides:

- [Account Administrators](#)
- [Invited Users](#)

Before you begin, Armor recommends that you review pre-installation/pre-deployment information, such as virtual machine offerings and supported browsers.

To learn more, see [Pre-deployment considerations for Armor Complete](#).

For users who have upgraded from Generation 3 to Generation 4, review the following topics to better understand the upgrade process, as well complete the invitation process and access AMP.

- [Complete the pre-upgrade process](#)
- [Complete the post-upgrade process](#)
 - [FAQs for Generation 4 Upgrade](#)
