You're at the "Edge of the Demo"

This simplified social intranet demo was created to help you learn Theme Press.

Follow the tour guides to explore examples, learn best practices, and see many of the best features in action.

Then visit the resources below when you're ready for more.

Architecture Note

To keep a light footprint on your server, this demo is contained in a single space. When you create your own social intranet, you'll want to spread out into multiple spaces.
